

Finding Bigfoot in Massachusetts

with **RONNY LEBLANC**

at the **Blackstone Public Library**
Monday, October 20, at 6:30 PM.

You've probably heard of Bigfoot or Sasquatch, but have you ever considered that such creatures might be closer to home than you thought? Among other unexplained phenomenon, there have been reported sightings of this elusive creature within the Leominster State Forest for over a century, and Ronny LeBlanc is coming to the Blackstone Public Library to tell you all about it.

Ronny was the first person ever to cast a Bigfoot print in the Bay State from a trackway discovered by a couple in Leominster State Forest in the summer of 2010. He is a globally recognized figure in the world of paranormal, Bigfoot and UFOs, and stars in Travel Channel's hit series "Expedition Bigfoot," as well as "Paranormal Caught On Camera." Ronny is an independent researcher, screenwriter and critically-acclaimed author of his best-selling book "Monsterland: Encounters with UFOs, Bigfoot and Orange Orbs."

This program is for adults. Registration is required, visit our events page.
